

Blood at the Barricade INITIAL AID CRISIS A stranger pounds on the shelter door. One arm is soaked red; no one knows whose blood it is. REVEALED BY: M1 M2 M4 C3 I1 Guide: connect this problem to the other hidden cards.	Collapsed in the Heat INITIAL AID CRISIS A sandbag volunteer collapses, confused and burning hot, as biters scrape the fence. REVEALED BY: M1 M2 M4 L3 I1 Guide: connect this problem to the other hidden cards.
The Silent Patient INITIAL AID CRISIS An unconscious person is found breathing beside an overturned bicycle. No visible bite is confirmed. REVEALED BY: M1 M2 M4 S4 Guide: connect this problem to the other hidden cards.	AED Alarm INITIAL AID CRISIS A survivor collapses without normal breathing while the building lights flicker. REVEALED BY: M1 M3 M4 L1 Guide: connect this problem to the other hidden cards.

Fever in the Food Line INITIAL AID CRISIS A shivering survivor vomits near the feeding area. A rumor says they were bitten. REVEALED BY: M1 M2 M4 L2 C4 Guide: connect this problem to the other hidden cards.	Bleeding Through the Bandage INITIAL AID CRISIS A deep wound will not stop bleeding and the ambulance channel is silent. REVEALED BY: M1 M2 M4 C1 Guide: connect this problem to the other hidden cards.
Unknown Powder INITIAL AID CRISIS A coughing patient is covered in dust from a damaged maintenance room. REVEALED BY: M1 M2 L3 I1 Guide: connect this problem to the other hidden cards.	Three Patients, Two Helpers INITIAL AID CRISIS A fall, a burn, and a panic attack happen at the same time. REVEALED BY: M2 M4 I1 C3 Guide: connect this problem to the other hidden cards.

SOS on the Rooftop SEARCH & DRONE ESCALATION White letters on a South Side roof read SOS. Movement is visible near the stairwell. REVEALED BY: S1 S3 S4 C3 Guide: connect this problem to the other hidden cards.	Six Above the Flood SEARCH & DRONE ESCALATION Six residents are trapped above brown floodwater near the Monongahela. REVEALED BY: S1 S3 S4 C1 I1 Guide: connect this problem to the other hidden cards.
Warehouse Smoke SEARCH & DRONE ESCALATION Possible food and medicine sit inside a smoky Strip District warehouse. REVEALED BY: S1 S3 S4 L3 Guide: connect this problem to the other hidden cards.	The Team That Missed Check-In SEARCH & DRONE ESCALATION A supervised ground team is twenty minutes overdue and its radio is quiet. REVEALED BY: S1 S2 S4 C1 Guide: connect this problem to the other hidden cards.

Footprints at the River SEARCH & DRONE ESCALATION Wet footprints end at the Allegheny. One print faces the wrong direction. REVEALED BY: S1 S2 S4 S3 Guide: connect this problem to the other hidden cards.	The Blocked Approach SEARCH & DRONE ESCALATION Abandoned cars seal the safest route to a survivor pickup point. REVEALED BY: S1 S3 S4 L1 Guide: connect this problem to the other hidden cards.
Tunnel Light SEARCH & DRONE ESCALATION A moving light appears inside a closed tunnel, followed by three shadows. REVEALED BY: S1 S3 C1 C3 Guide: connect this problem to the other hidden cards.	Two Clues, One Searcher SEARCH & DRONE ESCALATION A backpack is found in one sector while a voice is reported in another. REVEALED BY: S1 S2 S4 C4 Guide: connect this problem to the other hidden cards.

Repeater Goes Dark SIGNAL & COORDINATION FAILURE The amateur repeater fails in the middle of a rescue request. REVEALED BY: C1 C3 L1 I1 Guide: connect this problem to the other hidden cards.	False Evacuation Order SIGNAL & COORDINATION FAILURE A convincing voice orders everyone toward a bridge already filled with biters. REVEALED BY: C1 C3 C4 I1 Guide: connect this problem to the other hidden cards.
The Whispering Loop SIGNAL & COORDINATION FAILURE Every 43 seconds a childlike voice says, "I'm under the street." REVEALED BY: C1 C3 S1 C4 Guide: connect this problem to the other hidden cards.	Overloaded Net SIGNAL & COORDINATION FAILURE Five stations transmit at once; the emergency message disappears under the noise. REVEALED BY: C1 C3 I1 Guide: connect this problem to the other hidden cards.

BLACKOUTS & BITERS • SIGNAL & COORDINATION FAILURE • CUT ON CARD BORDERS

Location Missing SIGNAL & COORDINATION FAILURE A caller reports twelve survivors but gives only "near the old church." REVEALED BY: C1 C3 S1 S4 Guide: connect this problem to the other hidden cards.	Warning or Rumor? SIGNAL & COORDINATION FAILURE One source says tornado warning; another says the storm has passed. REVEALED BY: C2 C3 C4 I1 Guide: connect this problem to the other hidden cards.
Hospital Message Lost SIGNAL & COORDINATION FAILURE A hospital supply request was received, but no one recorded who took it. REVEALED BY: C3 C1 L1 I1 Guide: connect this problem to the other hidden cards.	Map Screenshot Goes Viral SIGNAL & COORDINATION FAILURE A practice-map label is shared online as a confirmed zombie count. REVEALED BY: C4 C3 S1 I1 Guide: connect this problem to the other hidden cards.

BLACKOUTS & BITERS • LONG-HAUL LOGISTICS • CUT ON CARD BORDERS

Sweet-Smelling Water LONG-HAUL LOGISTICS Donated water smells like industrial cleaner. People are already thirsty. REVEALED BY: L1 L3 L2 M1 Guide: connect this problem to the other hidden cards.	Generator Island LONG-HAUL LOGISTICS Floodwater moves toward the generator that powers radios and refrigeration. REVEALED BY: L3 L4 C2 L1 Guide: connect this problem to the other hidden cards.
Warm Refrigerator LONG-HAUL LOGISTICS Shelter food and medicine are warming as the generator sputters. REVEALED BY: L1 L2 L3 I1 Guide: connect this problem to the other hidden cards.	Donation Avalanche LONG-HAUL LOGISTICS Unsorted donations block an exit and hide leaking chemicals. REVEALED BY: L1 L3 I1 Guide: connect this problem to the other hidden cards.

BLACKOUTS & BITERS • LONG-HAUL LOGISTICS • CUT ON CARD BORDERS

The Toilets Stop LONG-HAUL LOGISTICS Water service fails with eighty survivors inside the shelter. REVEALED BY: L1 L3 L2 I1 Guide: connect this problem to the other hidden cards.	Exhausted Volunteers LONG-HAUL LOGISTICS The same people have worked for fourteen hours and errors are multiplying. REVEALED BY: L3 I1 M2 L1 Guide: connect this problem to the other hidden cards.
No More Gloves LONG-HAUL LOGISTICS The final box of disposable gloves is opened as injured survivors arrive. REVEALED BY: L1 M1 I1 Guide: connect this problem to the other hidden cards.	Sandbag Line Breaks LONG-HAUL LOGISTICS A rushed wall leaks and workers argue while water rises. REVEALED BY: L4 L3 I1 C3 Guide: connect this problem to the other hidden cards.

BLACKOUTS & BITERS • RESPONDER CAPABILITIES • CUT ON CARD BORDERS

M1 • Scene Safety & PPE	M2 • Patient Assessment & First Aid
------------------------------------	--

OWNED BY: MEDICAL / SAR Check danger, use barriers/PPE, and stop unsafe contact. Reveals: Can reveal medical exposure, contamination, and unsafe scenes. Limit: Training never requires entering an unsafe scene.	OWNED BY: MEDICAL / SAR Check responsiveness, breathing, bleeding, heat illness, and basic first-aid needs. Reveals: Can reveal what is happening to a patient. Limit: No diagnosis or treatment beyond training.
M3 • CPR & AED OWNED BY: MEDICAL / SAR Recognize cardiac arrest, begin CPR, use an AED, and direct someone to call EMS. Reveals: Can reveal a cardiac emergency. Limit: Requires a current hands-on course card in real life.	M4 • Triage & EMS Request OWNED BY: MEDICAL / SAR Prioritize patients, count needs, request qualified help, and track movement. Reveals: Can reveal scale and urgency. Limit: Students do not independently clear or transport patients.

BLACKOUTS & BITERS • RESPONDER CAPABILITIES • CUT ON CARD BORDERS

S1 • CalTopo Common Map OWNED BY: SAR OPERATIONS Mark verified locations, hazards, clues, teams, and assignments with times. Reveals: Can reveal location patterns and missing information. Limit: Map training does not authorize field deployment.	S2 • Search-Base Documentation OWNED BY: SAR OPERATIONS Track team, assignment, equipment, departure, clues, and return time. Reveals: Can reveal lost accountability and clue connections. Limit: A team without supervision and communications does not deploy.
S3 • Supervised Drone Recon OWNED BY: SAR OPERATIONS Plan objective, airspace, weather, crew, search grid, abort rules, and image log. Reveals: Can reveal remote visual information. Limit: The certificated adult PIC approves and controls every real flight.	S4 • Search Planning OWNED BY: SAR OPERATIONS Define the search question, safe method, team, communications, and withdrawal trigger. Reveals: Can reveal where and how to look. Limit: Use remote or adult-agency options when risk is too high.

BLACKOUTS & BITERS • RESPONDER CAPABILITIES • CUT ON CARD BORDERS

C1 • Amateur Radio Net OWNED BY: EMERGENCY COMMUNICATIONS Establish a directed net, prioritize traffic, relay exactly, and confirm receipt. Reveals: Can reveal lost, conflicting, or interrupted messages. Limit: Transmit only within license and assigned-channel rules.	C2 • SKYWARN Observation OWNED BY: EMERGENCY COMMUNICATIONS Report observed weather with time, location, magnitude, and source. Reveals: Can reveal weather and flood danger. Limit: Never leave shelter or chase weather for a report.
C3 • Message Log OWNED BY: EMERGENCY COMMUNICATIONS Write source, destination, time, priority, exact message, action, and closure. Reveals: Can reveal missing or changed information. Limit: Do not improve, guess, or spread the message.	C4 • Rumor & Public-Info Check OWNED BY: EMERGENCY COMMUNICATIONS Separate verified fact from report, protect privacy, and issue a clear correction. Reveals: Can reveal deception and misinformation. Limit: Do not publish victim names or tactical locations.

BLACKOUTS & BITERS • RESPONDER CAPABILITIES • CUT ON CARD BORDERS

L1 • Resource Inventory OWNED BY: LOGISTICS & RECOVERY Count, inspect, label, store, issue, recover, and reorder supplies. Reveals: Can reveal shortages, damage, and misplaced resources. Limit: Unsafe donations stay quarantined.	L2 • ServSafe Feeding OWNED BY: LOGISTICS & RECOVERY Control hygiene, allergens, cross-contamination, temperature, cleaning, and waste. Reveals: Can reveal food and sanitation threats. Limit: Food Handler is not medical or manager authority.
L3 • OSHA Hazard Check OWNED BY: LOGISTICS & RECOVERY Find hazards and apply elimination, engineering, rules, then PPE. Reveals: Can reveal unsafe work and contaminated materials. Limit: OSHA 10 is awareness—not a license for hazardous work.	L4 • Sandbag & Flood Control OWNED BY: LOGISTICS & RECOVERY Organize safe filling, carrying, placement, drainage, rotation, and accountability. Reveals: Can reveal flood-control failures. Limit: No moving floodwater, electrical hazards, or unsafe lifting.

BLACKOUTS & BITERS • RESPONDER CAPABILITIES • CUT ON CARD BORDERS

I1 • ICS Command Huddle

OWNED BY: COMMON FOUNDATION

Set three priorities, assign owners, approve risk, request partners, and check progress.

Reveals: Can reveal coordination failures in any phase.

Limit: Command does not erase credential limits.

I2 • NIMS Resource Request

OWNED BY: COMMON FOUNDATION

State what is needed, quantity, capability, location, time, and requesting authority.

Reveals: Wild card: after a successful roll, ask one precise clue.

Limit: A request is not a promise that help will arrive.

BLACKOUTS & BITERS • CHAOS INJECTS • CUT ON CARD BORDERS

BITERS AT THE FENCE

INJECT — READ ALOUD

Noise draws a cluster to the perimeter. Add one safety limit to the current plan.

Then: discuss how the plan changes before continuing.

BRIDGE CLOSED

INJECT — READ ALOUD

The planned route is blocked. The team must name a primary and alternate route.

Then: discuss how the plan changes before continuing.

BATTERY AT 5%

INJECT — READ ALOUD

One critical device is nearly dead. Choose what stays powered and why.

Then: discuss how the plan changes before continuing.

PANICKED VOLUNTEER

INJECT — READ ALOUD

A helper spreads an unverified story. Public Information must respond before the next roll.

Then: discuss how the plan changes before continuing.

BLACKOUTS & BITERS • CHAOS INJECTS • CUT ON CARD BORDERS

FLASH-FLOOD WARNING

INJECT — READ ALOUD

SKYWARN and Logistics explain shelter and flood actions. If ignored, lose the next turn.

Then: discuss how the plan changes before continuing.

MUTUAL AID ARRIVES

INJECT — READ ALOUD

A qualified adult partner becomes available. Return one used capability card immediately.

Then: discuss how the plan changes before continuing.

WRONG ADDRESS

INJECT — READ ALOUD

BLOOD ON THE RADIO

INJECT — READ ALOUD

The location in the last message was incorrect. Planning and the logger must reconcile it. Then: discuss how the plan changes before continuing.	A radio is returned sticky and red. Explain isolation, PPE, and equipment handling. Then: discuss how the plan changes before continuing.
---	--

BLACKOUTS & BITERS • CHAOS INJECTS • CUT ON CARD BORDERS

QUIET WINDOW INJECT — READ ALOUD The biters drift away. Add +2 to the next roll if the team explains how it uses the window safely. Then: discuss how the plan changes before continuing.	THREE FAILURES, ONE ARGUMENT INJECT — READ ALOUD The group is blaming one track. Each track gives one 15-second recommendation. Then: discuss how the plan changes before continuing.
ADULT PIC CLEARS A FLIGHT INJECT — READ ALOUD Drone Recon receives +3 on its next use if weather and airspace are checked. Then: discuss how the plan changes before continuing.	THE LIGHTS COME BACK— BRIEFLY INJECT — READ ALOUD Return any one capability from cooldown, then the blackout resumes. Then: discuss how the plan changes before continuing.
